INSTALAÇÃO

A instalação deve ser realizada por pessoal especializado.

Certifique-se de que a parede onde o móvel vai ser montado concede compacidade adequada e características de resistência.

Os melhores resultados podem ser obtidos montando-se em paredes de betão ou tijolo, rebocadas ou lado a lado.

Se a parede não for construída em betão ou tijolos, consulte um especialista antes da instalação.

Perfure um pouco e verifique se estão livres de poeira antes de inserir as buchas.

Aviso! Antes de continuar a perfurar as paredes, certifique-se de que não há fios elétricos ou canos de água / gás.

ES

INSTALACIÓN

La instalación debe ser realizada por personal especializado.

Asegúrese de que la pared donde se va a montar el mueble concede la compacidad adecuada y las características de resistencia.

Los mejores resultados se pueden obtener montando en paredes de hormigón o ladrillo, remolcadas o lado a lado.

Si la pared no se construye sobre hormigón o ladrillos, consulte a un especialista antes de la instalación.

Perforar un poco y comprobar que están libres de polvo antes de insertar los casquillos.

¡Atención! antes de seguir perforando las paredes, asegúrese de que no hay cables eléctricos o tuberías de agua / gas.

EN

INSTALLATION

Installation must be carried out by qualified personnel.

Make sure that the wall where the furniture will be mounted grants adequate compactness and strength characteristics.

The best results can be obtained by mounting on concrete or brick walls, plastered or side by side.

If the wall is not constructed of concrete or bricks, consult a specialist before installation.

Drill a bit and make sure they are free of dust before inserting dowels.

Notice! Before continuing to drill the walls, make sure there are no electrical wires or water / gas pipes.

FR

INSTALLATION

L'installation doit être effectuée par du personnel qualifié.

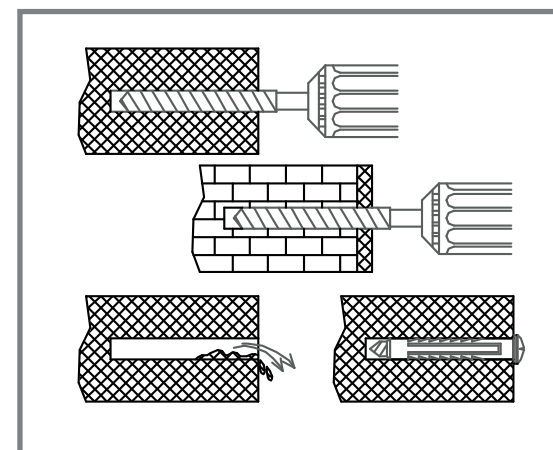

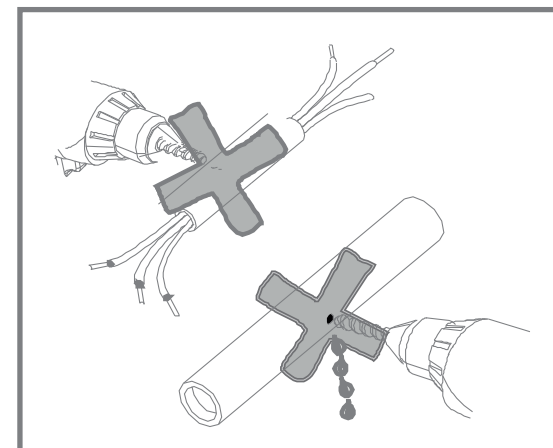

Assurez-vous que le mur sur lequel le meuble sera monté offre des caractéristiques de compacité et de résistance adéquates.

Les meilleurs résultats peuvent être obtenus en montant sur des murs en béton ou en briques, enduits ou côte à côte.

Si le mur n'est pas construit en béton ou en briques, consultez un spécialiste avant l'installation.

Perçer un peu et assurez-vous qu'ils ne contiennent pas de poussière avant d'insérer des chevilles.

Attention! Avant de continuer à perçer les murs, assurez-vous qu'il n'y a pas de fils électriques ou de conduites d'eau / de gaz.

Conformidade do produto: Todos os produtos são projectados para uso doméstico e para casa de banho. Antes da instalação, certifique-se de que o produto não sofreu qualquer dano causado pelo transporte, verifique cuidadosamente se o produto está livre de defeitos visíveis. O fabricante não pode assumir qualquer responsabilidade por defeitos em um produto já instalado.

Manutenção: Todos os produtos são projectados e fabricados para serem instalados e usados na casa de banho, os materiais usados e as técnicas de produção reduzem o risco de absorção e inchaço, mas não o eliminam. Para preservar os produtos, evite o contacto prolongado das superfícies com água e líquidos e, após as operações de limpeza secar imediatamente com um pano. Evite colocar nas superfícies dos produtos qualquer tipo de materiais abrasivos. Para a limpeza, use um pano macio e use apenas detergentes suaves, não abrasivos e sem solvente; em especial, evitar o uso de produtos que contenham álcool, acetona, tricloroetileno, amônia, alvejante ou feitos de ácidos e, em seguida, limpe com um pano macio e seco. É inevitável que as superfícies passem por uma ligeira mudança de cor ao longo do tempo, especialmente se expostas à luz directa.

Garantia: A garantia deve ser exercida por uma reclamação ao fabricante através do revendedor onde o produto foi comprado. O produto é garantido por 24 meses (2 anos) a partir da data de compra, conforme comprovado por uma fatura informando o nome do revendedor. A garantia cobre apenas as falhas de operação resultantes de defeitos de fabricação. A eventual falha do produto deve ser verificada e aceite pelo fabricante.

A garantia somente compromete o fabricante a reparar e/ ou substituir componentes defeituosos: Portanto, é excluída qualquer outra reclamação do usuário.

A garantia é anulada se:

- A instalação não atende às instruções de instalação fornecidas pelo fabricante;

Product Conformity: All products are designed for home and bathroom use.

Before installation, make sure that the product has not suffered any damage caused by transportation, check carefully that the product is free of visible defects. The manufacturer can not assume any responsibility for defects in an already installed product.

Maintenance: All products are designed and manufactured to be installed and used in the bathroom, materials used and production techniques reduce the risk of absorption and swelling, but do not eliminate it. To preserve the products, avoid prolonged contact of surfaces with water and liquids and, after the cleaning operations, dry immediately with a cloth. Avoid placing any type of abrasive materials on the surfaces of the products. For cleaning, use a soft cloth and use only mild, non-abrasive and solvent-free detergents; in particular, avoid the use of products containing alcohol, acetone, trichlorethylene, ammonia, bleach or made from acids, and then wipe with a soft dry cloth. It is inevitable that surfaces will undergo a slight change of color over time, especially if exposed to direct light.

Warranty: The warranty must be exercised by a claim to the manufacturer through the dealer where the product was purchased. The product is warranted for 24 months (2 years) from the date of purchase, as evidenced by an invoice stating the name of the reseller. The warranty covers only operating failures resulting from manufacturing defects. Any failure of the product must be verified and accepted by the manufacturer.

The warranty only commits the manufacturer to repair and / or replace defective components: Therefore, any other user complaint is excluded.

The guarantee shall be canceled if:

- The installation does not comply with the installation instructions provided by the manufacturer;
- The operational defect results from tampering or intervention not authorized by the manufacturer;
- Malfunction is caused by abnormal wear of the components due to negligence in improper use and maintenance.

Conformité du produit: Tous les produits sont conçus pour la maison et la salle de bain.

Avant l'installation, assurez-vous que le produit n'a pas subi de dommages dus au transport, vérifiez soigneusement que le produit est exempt de défauts visibles. Le fabricant ne peut assumer aucune responsabilité pour les défauts d'un produit déjà installé.

Maintenance: Tous les produits sont conçus et fabriqués pour être installés et utilisés dans la salle de bain. Les matériaux utilisés et les techniques de production permettent de réduire les risques d'absorption et de gonflement, sans les éliminer. Pour préserver les produits, évitez tout contact prolongé des surfaces avec de l'eau et des liquides et, après les opérations de nettoyage, séchez immédiatement avec un chiffon. Évitez de placer tout type de matériaux abrasifs sur les surfaces des produits. Pour le nettoyage, utilisez un chiffon doux et utilisez uniquement des détergents doux, non abrasifs et sans solvant; évitez en particulier l'utilisation de produits contenant de l'alcool, de l'acétone, du trichloréthylène, de l'ammoniac, de l'eau de javel ou des acides, puis essuyez avec un chiffon doux et sec. Il est inévitable que les surfaces subissent un léger changement de couleur au fil du temps, surtout si elles sont exposées à la lumière directe.

Garantie: La garantie doit être exercée par une réclamation au fabricant par l'intermédiaire du revendeur auprès duquel le produit a été acheté. Le produit est garanti 24 mois (2 ans) à compter de la date d'achat, comme le prouve une facture indiquant le nom du revendeur. La garantie ne couvre que les pannes d'exploitation résultant de défauts de fabrication. Toute défaillance du produit doit être vérifiée et acceptée par le fabricant.

La garantie engage uniquement le fabricant à réparer et / ou remplacer les composants défectueux. Par conséquent, toute autre réclamation de l'utilisateur est exclue.

La garantie est annulée si:

- l'installation n'est pas conforme aux instructions d'installation fournies par le fabricant;
- le défaut de fonctionnement résulte d'une altération ou d'une intervention non autorisée par le fabricant;
- Le dysfonctionnement est dû à une usure anormale des composants due à une négligence lors d'une utilisation ou d'un entretien incorrects.
